

Empower women

Reach Benefit Empower framework (IFPRI, 2017)

Reach

Benefit

Empower

Objectives

Include women in project activities

Increase women's well-being

Strengthen ability of women to make strategic life choices and to put those choices into action

Tactics

Invite women as participants
Reduce barriers to participation
Quotas

Design projects taking into account gender-specific needs and preferences
Ensure that women benefit from project activities

Enhance women's decision-making power in households and communities
Address key areas of disempowerment

Indicators

Number or proportion of women participating in a project activity:

- attending training
- joining a group
- receiving services

Sex-disaggregated data for positive and negative outcome indicators:

- productivity
- income
- assets

Women's decision-making power over production, income, etc.
Reduction of disempowerment (gender-based violence, time burden, restricted mobility)
